Prerequisites and Conditions of Membership

- All Juniors under the age of 12 must be supervised by an adult while on the course until such time as they are deemed competent by the Junior Director or his delegate. The supervising adult can be another player or a caddie. This requirement is in place to ensure the safety of our Junior members whilst they develop their golf etiquette and skills.
- It is recommended but not mandatory for a Junior member to attend the Coaching Academy. However, the “Beginner Junior” member is required to obtain a certificate of competency from the Junior Director or his delegate, prior to commencing the Handicap Program.
- The Junior Handicap Program (JHP) has been created to provide a shortened and appropriate golf course set up for young golfers and to provide a system that will motivate and reward beginner juniors to play and improve when they aren’t yet at the ability or physical maturity to have an Official Handicap.
- Juniors may elect to proceed directly to an Official Handicap, to do this they must play off either the Ladies or Men’s tees and return a game card that indicates the course they have played.

Please note: The minimum number of 18-hole rounds required to establish a handicap is five, which are subject to peer review by members of the Junior Committee. After a player has played more than five rounds, their handicap index will be based on their best **10 rounds** over the past 20 entered.

- All Junior members are excluded from playing Saturday mornings.
- The Coaching Academy is run on Monday afternoons from 4pm. Course play is scheduled for Sunday afternoons. Once a Junior member is registered the Junior Director will keep them updated on the schedules and events.
